## Project topic: Impact of implementation of GST among Retailers

### INTRODUCTION

The Goods & Service Tax (GST), the biggest reform in India's Indirect tax structure since the economy began to opened up 25 years ago, at last looks set to become reality. The Constitution (122nd) Amendment Bill finally got the nod of Rajya Sabha. Government successfully stitching together a political consensus on the GST Bill, to pave the way for much awaited sell out of the landmark tax reform that will create a common market of 1.25 billion people. GST will be a game changing reform for Indian economy by developing a common Indian market and reducing the cascading effect of tax on the cost of goods and services. It will impact the Tax Structure, Tax Incidence, Tax Computation, Tax Payment, Compliance, Credit Utilization and Reporting leading to a complete overhaul of the current indirect tax system. Law, provide for compensation 100% to states for any loss of revenues arising on account of GST, for a period which may extend to five years, based on the recommendations of the GST Council. Here every tax payer will be issued a 15-digit common identification number
