OUTCOMES:

- For students pursuing professional education (Marketing/Finance/Operations/Supply Chain etc.), industrial visits help them gain hands-on experience of how industry operations are executed.
- Industry visits bridge the gap between theoretical training and practical learning in a real-life environment.
- Industry visits provide opportunity for active/interactive learning experiences in-class as well outside the classroom environment.

- With industry visits, students are able to better identify their prospective areas of work in the overall organizational function.
- Industry visits help enhance interpersonal skills and communication techniques.
- Students become more aware of industry practices and regulations during industry visits.
- Industry visits broaden the outlook of students.
- The students get to see the best practices opted by different companies for similar work.
