REPORT OF THE CLASSWISE SEMINAR

Department of Sociology

2017-18

PROCEEDINGS OF CLASSWISE SEMINAR

Department of Sociology have planned and organized class seminar for all BA. I, IIIrd and B.A Vth semester students to improve their language, reading, writing and presentation skills. We also encourage them to learn their mistakes and improve their seminar presentation skills. It is actually a great chance for the students to improve their skills within their curriculum by participating in class seminar by choosing their interested topic related to sociology subject. So seminars have an important role to play in the curriculum. Students were participated actively in presentation and motivating listeners to accept a new idea, alter an existing opinion, or act on a given premise. Students first thoroughly understand the topic before giving presentation i.e. mastery on topic.
